What have we been talking about? Find out by solving the puzzle below. Start with the square in the top corner. Then draw a line to the next shape that has **four** sides. Keep drawing lines one at a time to the next shape with **four** sides. You can only move one square at a time all the way to the bottom. What You Heard *In the Word*

- We know the New Testament is true. God gave the Holy Spirit—the Helper—to guide the writers. It was written by eyewitnesses. God cannot lie.
- The Bible we have is complete. We can't add anything to it or take anything away from it.

OutWord *For Family Discussion*

What if your friend told you there were parts of the Bible you didn't have to believe—because they are just too unbelievable? **What would you say?**

The Bible is an amazing book. And there are parts that we don't understand. But if we remember that the Bible is God's holy Word, it wouldn't be as hard to believe. God is beyond anything we can imagine. He does things all the time that we can't understand! We can see that by just looking at his creation and the human body! If I don't believe his Word, what can I believe? I know God can't lie! I know that many of the writers were eyewitnesses and wrote what they saw and heard. And I know that the Holy Spirit helped to guide ALL the writers of the Bible. I believe God's Word. It has never changed, and it never will.

Justin & Jessie

“Can I play, too?” A small boy with red hair and freckles stood there staring at them.

In “The Forever Stone” meet Matt, the new neighbor who says the Bible is too old for anyone to believe in. Justin and Jessie learn that even though people like Matt don't believe in the Bible, God's Word will still last forever.
