SUNDAY SCHOOL

Sunday June 28th

Grades 7 - 12 – Prospering in Patience

Read James 5:1-11

1. Why do you think we spend so much time complaining?
2. Do you think it's possible to be patient through trials? How?
3. Do you think it's possible for us to stand firm for God in this world? How?
4. How can you better avoid frustration and anger and be patient?
5. What do you need to do in order to fully rely on God in every situation?

Challenge:

This week, evaluate how your attitude has been recently. If you notice times of grumbling, complaining or anger, commit to remove them from your life. Ask God to give you patience in all situations and rely on Him and His character even through the toughest times. Remember to focus on God and not on your circumstances and He will give you the strength and patience that you need.
